 **TOPCON**

High-Accuracy, High Value Slope Lasers

RL-200 Series

Topcon's RL-200 Series revolutionary encoding system provides the highest grade repeatability, 7 arc seconds, of any other laser. No one even comes close. Setup after setup, time after time, you're always right on grade.

Choose from two models, RL-200 1S single slope, or RL-200 2S dual slope. The RL-200 1S provides single slopes from -5% up to +25%. The RL-200 2S provides dual slopes up to $\pm 10\%$ in the X axis, or up to an industry leading -5 to +25% in the Y axis.

Control the RL-200 2S - remotely

When the RL-200 2S is operating, the RC-400 displays all operating information up to 300 m away. Change grade, select menu settings, check operational status, even verify battery life, all without touching the laser.

Model		RL-200 1S	RL-200 2S
Laser	RL-200 1S	●	-
	RL-200 2S	-	●
Detector	LS-80L with Holder 6	●	●
Battery	Rechargeable Kit or Dry Kit (choose one)	●	●
Remote Control	RC-400 (w/rechargeable kit option)	-	●

- » 7 Arc second accuracy
- » Wide grade range (up to 25% slope) without slope blocks
- » Up to 100 hours battery life
- » Range up to 1100 m
- » Full function remote (RL-200 2S)

Verifiable operation?

It couldn't be clearer...

The RL-200 features a large, high-contrast, graphical display that clearly shows all functions at a glance:

1. Current grade
2. Masking: Electronic shutter up to 3 quadrants
3. Selectable rotation speed: 300/600/900 rpm
4. Selectable remote channel: up to 9 channels
5. Sensitivity selector
6. HI alert: indicates when laser has been disturbed
7. HI alert to sensor
